## Dear Colleagues;

We are very pleased to announce that the Korean Society of Earth and Exploration Geophysicists (KSEG) is organizing an "International Symposium on Geophysics for Discovery and Exploration" to be held at the International Convention Center (ICC) of Jeju Island, Korea on September 19 - 21, 2012.

Through sponsorship of this International Symposium, the KSEG intends to foster international collaborations in pure and applied geophysics between our members and our colleagues in other geophysical societies around the world.

For additional details and a preliminary program of the symposium, please visit our website: <http://2012symp.seg.or.kr/>.

## Important Dates:

Abstract submission: April 1 through July 31 (Tuesday), 2012

## Associated Societies

## Transportation & Accommodation

The Organizing Committee strongly recommends that potential participants reserve their flight tickets to and from Jeju and their hotels as soon as possible. Jeju Island will be crowded with year-round tourists and attendees of several other conventions. Please refer to the symposium website for further information on flights and hotels (<http://2012symp.seg.or.kr>).

## Sponsorship & Exhibition:

Four Levels of exhibiting sponsorships are available. Please refer to the above symposium website for detailed information.

**Notice:** For the citizens of most countries, no visa is necessary to visit Jeju Island. For the details, please refer to <http://www.mofat.go.kr/ENG/main/index.jsp>

We are looking forward to your participation.
