

## 2015 Academic Conference of Geophysical Technology

— Symposium on development and application of detecting methods for deep objectives and geophysical apparatuses counteracting interferences

### The First Announcement

In order to promote the development and application of geophysical detecting methods for deep objectives and geophysical apparatuses counteracting interferences, and to offer a platform of academic exchange and outcome display for colleagues in the field of geophysical exploration, “2015 Academic Conference of Geophysical Technology—Symposium on development and application of detecting methods for deep objectives and geophysical apparatuses counteracting interferences” is going to be convened on March 21~22, 2015 in Hefei, Anhui Province, and the exhibition of geophysical apparatuses will also be held at the same time with this conference. Colleagues and experts of relative fields are welcome to participate in this conference. The arrangements of this conference are as follows:

#### 1. The subject

Development and application of detecting methods for deep objectives and geophysical apparatuses counteracting interferences

#### 2. Time and location

**Time:** March 20~22, 2015 (registration on March 20, official meeting on March 21~22)

**Location:** Geological Exploration Technologies Institute of Anhui Province, Hefei, Anhui.

#### 3. Topics

- (1) Application of geophysical exploration technology in the investigation of resources deep in the earth
- (2) Application of geophysical exploration technology in the study of three-dimensional geological structures deep in the earth

## 中国地球物理学会地球物理技术委员会 Committee of Geophysical Technology, Chinese Geophysical Society

---

- (3) Key techniques of interference-counteracting in the development of geophysical apparatuses
- (4) Interference-restraining techniques for precise measurement of gravity
- (5) Introduction of new methods, new techniques and new instruments in the field of geophysics.

### 4. Call for detailed paper abstract

A collection of detailed abstracts of symposium papers will be printed, and the abstracts will also be collected by China Conference Paper Database (CCPD).

- (1) Language: Title should be written in Chinese and English, and content is written in Chinese. Format: Layout of the abstract should be in 1~2 A4 default pages of Microsoft Office Word, and please follow the format requirements of *progress in Geophysics* (in Chinese).
- (2) Deadline for abstract submission: Jan. 15, 2015.
- (3) Accepting notice: Jan. 30, 2015.
- (4) Please send the abstracts simultaneously to: [cgtsc@126.com](mailto:cgtsc@126.com) and [dengming@cugb.edu.cn](mailto:dengming@cugb.edu.cn).

### 5. Registration fee

Official delegate: ¥800Yuan/person; Student delegate: ¥400Yuan/person.

### 6. Exhibition of apparatuses

In order to support the research and development of geophysical apparatuses, the conference will offer display positions to the instrument companies who will take part in the exhibition. The enrollment for the exhibition begins from the date of this announcement formally publishing, and the deadline for exhibition enrollment is Jan. 15, 2015. The potential exhibitors should fill the enrollment form (see attachment: Exhibition Enrollment Form) and mail the form to [cgtsc@126.com](mailto:cgtsc@126.com), then the organization committee will arrange the number and position for the company in the light of resource of display positions.

### 7. Organizers and Sponsors

#### Organizers:

- (1) Committee of Geophysical Technology, Chinese Geophysical Society
- (2) Institute of Geology and Geophysics, Chinese Academy of Sciences
- (3) Institute of Electronics, Chinese Academy of Sciences
- (4) College of Instrumentation & Electrical Engineering, Jilin University
- (5) Bureau of Geology and Mineral Exploration of Anhui Province
- (6) Geophysical Society of Anhui Province
- (7) Geological Exploration Technologies Institute of Anhui Province
- (8) Beijing Explo-Tech Engineering Co., Ltd.

#### Coadjutant:

- (1) Committee of Geophysical Information, Chinese Geophysical Society
- (2) Committee of Engineering Geophysics, Chinese Geophysical Society
- (3) School of Earth and Space Sciences, University of Science and Technology of China
- (4) School of Resources and Environmental Engineering, Hefei University of Technology
- (5) Institute of Geophysics, Huazhong University of Sciences and Technology
- (6) China University of Geosciences
- (7) HengDa Century(Beijing) Geophysics Technology Co., Ltd.
- (8) Beijing Traverse Technology & Development Co., Ltd.
- (9) Beijing Dongcheng Vibration Engineering Society
- (10) Hunan Geosun High-tech Co., Ltd.

#### Undertaker:

- (1) Geophysical Society of Anhui Province
- (2) Geological Exploration Technologies Institute of Anhui Province
- (3) Beijing Explo-Tech Engineering Co., Ltd.
