

The theme of the 2017 CGS/SEG International Geophysical Conference is the challenges and directions adoptable to the current economic environment. It will bring together experts from companies, academia, government agencies, and contractors to exchange ideas, share the latest advancement, and present case studies of technologies and methodologies. Discussions will focus on the current challenges and future directions for prosperous development.

ABSTRACTS SUBJECTS

The conference topics for the abstract submissions:

- Geophysical challenges
- Exploration geophysics
- Reservoirs geophysics
- Borehole geophysics
- Mineral geophysics
- Marine geophysics
- Geophysics for geothermal resources
- Engineering geophysics
- Rock physics and petrophysics
- Geophysics in coal engineering
- Solid earth geophysics
- Unconventional geophysics
- Geophysical big data analysis

DEADLINE-10 December 2016

CALL FOR ABSTRACTS SUBMISSION:

The Technical Program of the Conference will consist of oral, poster, and invited presentations.

Abstracts should be written in English and should be no more than four pages.

A Microsoft Word template of the abstract can be found and download on the event website

(<http://seg.org/Events/Events-Calendar/2017-CGS-SEG-Conference>).

All abstracts are required to be submitted in PDF format to SEG online abstract submission system. The online abstract submission system (submission portal: <http://seg.org/abstracts/IGC2017>) will be open on 1 October 2016 and closed on 10 December 2016 of Central Standard Time.

The proceedings of these abstracts will be provided to the participants, and will be published in SEG Digital Library. Presenters are invited, but not required, to share their slides or poster digitally after the conference.

CONFERENCE CHAIRMEN

Yanghua Wang Imperial College London
Zhijing (Zee) Wang Chevron

TECHNICAL COMMITTEE

Yinshuang Ai Institute of Geology & Geophysics, CAS
Qizhen Du China University of Petroleum (East China)
Yuan Gao Institute of Earthquake Science, China Earthquake Administration
Stephen Gelinsky Shell
Jianhua Geng Tongji University
Xuri Huang Sunrise Petrosolutions
Shoudong Huo Institute of Geology & Geophysics, CAS
Chuntao Liang Chengdu University of Technology
Alfred Liaw Anardarko (retired)
Zhiping Lin National Chiao Tung University
Faqi Liu Hess Corporation
Yang Liu China University of Petroleum (Beijing)
Qingtian Lv Chinese Academy of Geological Sciences
Zhonghe Pang Institute of Geology & Geophysics, CAS
Zhongping Qian BGP
Xuelin Qiu South China Sea Institute of Oceanology, CAS
Ying Rao China University of Petroleum (Beijing)

Brian Russell CGG
Haibin Song Tongji University
Kyle Spikes University of Texas at Austin
Yuefeng Sun Texas A&M University
Xiaoming Tang China University of Petroleum (East China)
Xuben Wang Chengdu University of Technology
Sheng Xu Statoil
Guoqiang Xue Institute of Geology & Geophysics, CAS
Changchun Yin Jilin University
Hezhu Yin ExxonMobil Upstream Research Company
Gang Yu BGP
Feng Zhang China University of Petroleum (Beijing)
Haijiang Zhang University of Sciences & Technology of China
Jie Zhang China University of Science and Technology
Shaohua Zhang BGP
Yingcai Zheng University of Houston
