SOCIETY OF EXPLORATION
GEOPHYSICISTS

Gravity, Electrical & Magnetic Methods and Their Applications

19-22 May 2019

Chang'an University, Xi'an, China

Workshop Topics include:

- Methodologies and Technologies
- Oil & Gas Exploration and Production
- Mining & Geothermal Applications
- Groundwater Resources
- Environmental & Engineering
- Petrophysics
- Machine learning and data analytics

**Opportunities for exhibiting
and sponsorship are available!**
